1. **Student Behaviour – School Context**

Auburn High School actively seeks to engage with parents and the community to ensure a positive and inclusive school culture in which every student has the opportunity to succeed. The College works collaboratively with students and parents/carers to establish fair and respectful codes of conduct, based on the school’s values. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the learning community.

The school appreciates its diverse student and parent population, and has measures in place to ensure all students enjoy the same level of access to the school’s curriculum and co-curricular programs. Our teaching and learning philosophy is important in engaging all students in their academic learning. The provision of EAL and Language Centre classes provide students with additional classroom support to ensure student literacy and numeracy needs are being addressed for our international students in Years 10-12. Our peer support programs are tailored to address students’ personal and social learning at various stages of their secondary education. Our PSD program provides vital assistance and support to PSD students in and out of the classroom. Student leadership capacity is fostered through the Student Representative Council, the house system, the role of the school captains and our peer support mentors.

Students receive added support in their learning through our community networks. These networks include Freehills Law Firm Mentoring Program, PADSIP and the Salvation Army Homework Mentoring Program and Hawthorn Rotary Student Exchange.

Student wellbeing (social, emotional and cognitive engagement) is addressed in a number of ways. At risk students are supported by our Wellbeing Team which includes the DEECD Psychologist, the Coordinator of Student Welfare and the Adolescent Health Nurse and School Chaplain. External agencies such as Boroondara Youth Services, Youth Connections, the Salvation Army, and Camcare work with students and families on a more targeted and individualised level.

When relationships break down between members of the school community, we use “Restorative Practices” to restore and rebuild these. Staged responses are implemented in addressing ongoing behavioural issues, and suspension from school is viewed as a last resort.

The school places an emphasis on 100% attendance, and has in place attendance targets. Attendance is monitored throughout the day, and student absences are followed up by our Sub school Leaders. Attendance conferences are an important mechanism through which teachers and parents can work together to combat absenteeism and truancy.

The school values parent / carer input into its operations and curriculum offerings and seeks feedback through the Parent Opinion survey, and from parent representatives on School Council.
2. Rights and Responsibilities: (refer to Student Planner for condensed version of the Community code of conduct)

It is the right of all members of the Auburn High School community to experience a safe, pleasant and supportive learning and teaching environment. Staff, students and parents/carers have a right to be treated with respect, and enjoy an environment free from bullying (including cyber bullying), harassment, violence, discrimination or intimidation. (Refer to our Anti-Bullying, Cyber-Bullying policies)

Teachers also have the right to be informed, within Privacy requirements, about matters relating to students that may impact on their teaching and learning for that student.

Students have a responsibility to contribute positively to the educational experience for themselves and other students, to participate fully in the school’s educational program, and to ensure that their behaviours demonstrate respect for themselves, their peers, their teachers and all other members of the school community.

Parents/carers have a responsibility to take an active interest in their child’s educational progress, model and reinforce positive behaviours and ensure their child’s regular attendance. They have a responsibility to support the school in maintaining a safe and respectful learning environment for all students, and engage in regular and constructive communication with school staff regarding their child’s learning.

Teachers have a responsibility to demonstrate the standards set by the Victorian Institute of Teaching. That is, to know how students learn and how to teach them effectively, know the content they teach, know their students, plan and assess for effective learning, create and maintain safe and challenging learning environments, and use a range of strategies to engage students in effective learning. Teachers also have a responsibility to fairly, reasonably and consistently implement the Student Welfare & Engagement Policy and Code of Conduct.

All members have an obligation to ensure school property is appropriately used and maintained.

## 5. **School Action and Consequences**

Student engagement, regular attendance and positive behaviours will be supported through relationships based whole-school classroom practices, including targeted and individualised support when required. (Please refer to our Welfare & Engagement Policy). Whole school practices include:

- Establishing predictable, fair and positive learning classroom and school environments
Ensuring student participation in the development of classroom and whole school expectations
Empowering students by creating multiple opportunities to take responsibility and be involved in decision-making
Providing physical environments conducive to positive behaviours and effective engagement in learning

Inappropriate behaviours will be supported through a staged response, including:
- Understanding the student’s background and needs
- Ensuring a clear understanding of expectations by both students and teachers
- Providing consistent school and classroom rules
- Engaging in “Restorative Practices”

Broader support strategies will include:
- Involving the parent/carer
- Involving the Sub School Leader of Student Welfare Coordinator, the Pathways and Transition Coordinator, the PSD coordinator and guidance officer where appropriate
- Mentoring and/or counselling
- Convening student support group meetings
- Developing individualised learning, behaviour or attendance plans for a range of students
- Providing broader educational programs (work experience, camps)
- Involving community support agencies
- Contact with the Regional Office

**Discipline Procedures – suspension and expulsion**
A student may be excluded from school in situations where all other measures have been implemented without success, or where an immediate suspension is the only appropriate course of action in response to the student’s behaviour which may put the health, safety and well-being of other students, staff or themselves at significant risk.

- Consequences which may be used prior to suspension include:
  * Withdrawal of privileges: confiscation of netbook/Ipad
  * Use of behaviour and attendance sheets when code of conduct is breached
  * Withdrawal from class activities for a specified period. Where appropriate parents/carers will be informed of such withdrawals
  * Detention: teachers may require a student to complete school work or additional work or duties at recess or lunch break, or afterschool. No more than half the break time may be given to detention and afterschool detentions will not exceed forty-five minutes. Attempts will be made to inform parents through the student planner and in family circumstances where this would create undue hardship, the school may negotiate an alternative disciplinary measure with parents/carers.
  * Convening of a school support group.

When considering suspension or expulsion, the school follows the Department of Early Childhood and Development’s procedures (refer to section 4.3 of Effective Schools are Engaging Schools: Student Engagement Policy Guidelines).
Effective schools are engaging schools which create a positive school culture. The primary focus is to provide a safe and supportive learning environment. Students can only learn effectively in environments in which they feel safe and supported, and where teachers have high expectations for their learning. Well run classrooms are central to the establishment of safe school environments.

*Behaviour unchallenged is behaviour condoned*

**Responsibilities of the Classroom Teacher:**

- Involve and engage all students, set high expectations, seek feedback from students and ‘give out two messages to every child –’you can succeed’ and ‘I will help you do that’.
- Be familiar with this Code of Conduct Policy and be consistent in its implementation.
- Become practised in using restorative practices.
- When breaches of this code occur, classroom teachers must provide written documentation including strategies taken to deal with the problem for these reasons before the matter is referred on to Sub School Leader (Using Incident Reports).
- *In extreme circumstances the threat is to be referred immediately to the Principal or Assistant Principal*

**Responsibilities of the Subschool Leaders**

A. **Promotion of Positive Behaviours:**

- Establish consistent school wide and classroom expectations, and assist individual teachers in implementing positive behaviour support and restorative practices.
- Document incidents relating to the management of student behaviours to inform decision making. When concerns arise about a student’s on-going behaviour or when a student is displaying chronic patterns of problem behaviour, implement a targeted response to address the problem. This may involve the establishment of a student support group involving parents/carers/welfare coordinator.

B. **Attendance:**

- Articulate high expectations of attendance to all members of the school community
- Follow up absences on a daily basis and keep all staff, the Office Administration and Principal Class informed on student management issues.
- Organise Attendance Conferences and ensure that an Attendance Contract is put in place if required
- Participate in engagement/transition team meetings to develop solution strategies in a team environment.
Welfare & Engagement Coordinator is responsible for:

- developing, implementing and evaluating the School’s Student Engagement Policy Guidelines
- developing prevention and early intervention programs and strategies that contribute to a positive school culture.
- developing a whole school approach to student welfare issues and to participate in attendance conferences with sub school leaders.
- To liaise and work with the Pathways and Transitions Manager in supporting “Students at risk”.
- To promote and assist all teachers in the use of restorative practices.
- Induct new staff on the School’s Student Engagement guidelines
- Chair and set agenda’s for the Engagement, Well Being, Transitions and Pathways Team
- Maintain the SOC student information file
