14th November 2025

Dear Parent/Guardian,

As we prepare for another exciting year of teaching and learning at Auburn High School, we would like to share information about our parent payment process for 2026.

The ongoing support of our families continues to make a real difference in what we can offer our students. Each year, voluntary contributions help us provide high-quality learning resources, well-maintained facilities, and engaging programs that benefit all students. While parent payments are voluntary, if every family contributed their Year Level Fee, we could deliver significant upgrades across the school to further enhance the environment for teaching and learning.

The cost of running a school has increased in recent years, and your contribution directly supports classroom consumables, equipment, and resources that ensure every student benefits from a well-resourced and stimulating environment. Your support helps us maintain the high standards that make Auburn High School such a vibrant and successful learning community.

In 2025, your contributions enabled us to complete the upgrade of classroom projectors and install new whiteboards across all learning spaces. Looking ahead, we are planning to begin our Wellbeing Hub project and construct the pathway between the main and senior buildings - two initiatives that will strengthen both our facilities and our focus on student wellbeing.

We encourage families to pay their 2026 Year Level Fee and, where possible, consider contributing to our tax-deductible Building and Library Fund. Every contribution, no matter the amount, helps us create an even better school for our students.

Please see the attached overview of the Department of Education's Parent Payments Policy for further information.

Thank you for your continued support and partnership in making Auburn High School a place where every student can thrive.

Yours sincerely,

Ross Pritchard
Principal

Leo Pappas
School Council President
