

From the Principal

Year 10 and 11 Study Success day

Our popular Study Success Seminar day for Year 10 and 11 students, was held on Thursday 4 March. The purpose of the day was to support our senior students in their transition to VCE and learn practical strategies to enable them to be successful in their studies.

Students undertook a Careers/Futures session and had a choice of various sessions to choose from such as "Strategies to manage your time effectively and avoid procrastination", "Improve memory, learning and study" and wellbeing focus sessions such as "Looking after ourselves" and "Managing expectations and reflecting on our mindset". It was a highly successful day, with both staff and students getting to know each other better and working together on how to best support our students to meet their aspirations. Thank you to all staff who presented and assisted in the workshops and practical activities program, and a big thank you to Josh Patrick, Ella Price, Craig McPherson, and Ross Pritchard for organising the day.

capital works valued at \$10.13 million for our school. We have been working with Wowowa during Stage 1 current works and have found them to be professional and responsive to our school needs.

The current infrastructure building works are on schedule and due to be completed by early June this year. They are mid-way through the creation of the waterproof roof membrane which should be completed by the end of this term. Next term they will finish installing all the ducting for the state-of-the-art heating and cooling system and finish replacing ceiling tiles and painting.

French Binational

Francophonie Week

This week we are celebrating International Francophonie Day on March 20 and the twenty-third edition of French Language and Francophonie Week from March 17 to 25. French is the second most studied language in the world, with some 125 million students and 900,000 teachers of French abroad. Every year, Francophonie Week provides an opportunity for French speakers around the world to celebrate the French language in all its diversity. Students and staff were invited to take part in a drawing/painting/photography competition to create a visual representation of French Idiomatic Expression as 'J'ai un chat dans la gorge' (I have a cat in my throat!). Entries are still open so take your chance to win a double pass to the French Film Festival or a French food basket from le Pot de Moutarde. At school we will join with the Wellbeing Team to celebrate Harmony Day and our cultural diversity. Finally, Francophonie Week is also the occasion to practise our logical and maths skills in French with the Kangourous des Maths, a French Maths contest that each year involves thousands of students from primary school to university across the world. All French Binational and Immersion students will take part in the 2021 edition.

I would like also to take this opportunity to congratulate our new Délégués de Classe, Summer Trask and Harry Newman, elected as Class Representatives in 7F, and their Délégués Suppléants, Chloé Lagonne and Rémy Wilson (Assistant Class Representatives) for 2021. This role is important in the French education system as they are the formal voice and representatives for their class in the program, taking part, for instance, in the Conseil de classe that occurs at the end of each semester. The selection process is via an election in class and is also an opportunity to practice civics and citizenship. We are looking forward to working with you.

Something to consider...

The Alliance Française Film festival is on and already in its third week! Don't forget to grab your program from the front office to select which film can transport you to France without leaving Melbourne.

Second-hand Textbook Trading

Parents have the ability to trade second-hand items such as textbooks via the Sustainable School Shop website.

www.sustainableschoolshop.com.au

The link is also accessible via Favourites on Compass. Results from other schools have been excellent - families have enjoyed a very comprehensive and convenient method of buying and selling second-hand items.

The new service is very accessible, it preferences our school first and then provides access to buy and sell items with families attending other schools - many schools use this service so this provides a good range. Access to second-hand textbooks, calculators, stationery, musical equipment, etc is available all year.

- The service does not include uniform. We have an on-site second-hand uniform shop here at school.

For the best results:

- Register on the Sustainable School Shop website
- List your items for sale
- List wanted ads for those items you are looking to buy
- The school's booklists are loaded into the system to make listing ads easy
- The system matches the ads of buyers with sellers and notifies the buyer via email
- Buyers contact sellers and arrange where and when to trade
- Most trading will occur with other parents from our school
- Parents are well supported via Sustainable School Shop's telephone (0438 743 444) and email help lines
- The system is simple and easy to use - If you don't have a computer, internet access or an email address, please call the Sustainable School Shop for assistance
- **You can pre-arrange the transaction and then trade after the texts are not required.**

Families are offered three levels of access:

- Search only - registering/logging-in on the Sustainable School Shop, searching all the 'for sale' ads and gaining the sellers' contact details is free.
- Single items cost \$1.50 to be advertised
- Subscription - an annual subscription costs \$21.95 and is the most anyone will pay. These are taken by families who have many items to advertise.

We hope you will make the most of this opportunity and gain the benefit from recycling your student's school items whilst helping another family within our school community.

Of course, donations of second-hand items such as textbooks, uniform items and (school) laptops are always welcome. Just drop these in at the office, with our thanks.
